

High Speed Diamond Blades

C/S-33SC Stone Cutter ARIX Blade

P/N: D11069, D11067, D11070
P/N: D11068, D11079

The DITEQ C/S-33SC ARIX Stone Cutter is designed to cut a wide variety of stone DRY! End the hassle of having to connect to a water source and having to deal with the messy slurry using the DITEQ Stone Cutter. DITEQ developed this blade specifically to cut DRY through hard stone materials using high speed saws, hydraulic hand saws, or masonry brick and block saws.

The Stone Cutter blade utilizes G3 ARIX technology that strategically places each diamond particle throughout the segment and will outperform competitive blades by giving you both better speed and longer life. The DITEQ Stone Cutter also gains optimal segment strength with high quality diamonds and the air-cooled structural core prevents overheating.

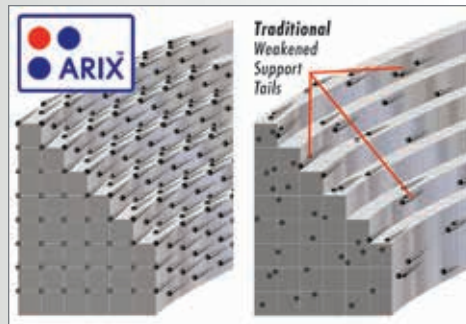

- FEATURES**
- Cuts Granite/Marble/Flagstone/Fieldstone/Hard Brick
 - DITEQ's Newest G3 Arix technology
 - Fast speed and long life in hard material
 - Tall segments for longer blade life
 - Ventilated core for better air cooling while dry cutting
 - Specially designed to handle the extreme power of gas cut-off saws

- TECH SPECS**
- .472" segment height
 - Laser welded
 - Wet/Dry Use
 - 1" or 20mm Arbor with bushing
